KEY CHALLENGES FACING SOUTH AFRICAN INVESTORS

As we near the end of 2018, the Trump-induced tariff war is gaining momentum, leaving devastated emerging market economies and currencies in its wake. Meanwhile, against this uncertain economic backdrop, our new President is navigating his way through the political mess left behind by his predecessor as he tries to fix a broken country.

WHAT LIES AHEAD? AND WHAT ARE THE ISSUES INVESTORS SHOULD CONSIDER? WHY IS IT NOW MORE IMPORTANT THAN EVER TO DIVERSIFY INVESTMENTS AWAY FROM THE RISKS INHERENT IN THE LOCAL MARKET?

Brenthurst Wealth Investment Strategist, **Magnus Heystek**, and **Jeremy Gardiner**, Director at Investec Asset Management, will elaborate on the key challenges facing South African investors and share their expectations for 2019. We will also include valuable information for those interested in selling a business. **Rick Grantham**, Executive at Deal Leaders Africa, will share market-proven insights and know-how to give you the tools to take control and sell your business for maximum value, while also providing solutions where growth capital and BEE equity are a requirement.

BRENTHURST IN ASSOCIATION WITH INVESTEC WILL BE HOSTING THE FOLLOWING INVESTMENT SEMINARS:

- **Investec Pretoria:** 14 November 2018
- **Investec Johannesburg:** 15 November 2018
- **Spier Wine Estate Stellenbosch:** 20 November 2018
- **Investec Cape Town:** 21 November 2018

THE SPEAKERS:

➔ JEREMY GARDINER: DIRECTOR AT INVESTEC ASSET MANAGEMENT

Jeremy is a regular voice in the media, at conferences and to the investment-related world at large, responsible for commenting on current affairs, economics and investment markets.

In his position, Jeremy continuously reviews information from the world's top analysts, on everything from politics to petrol. Jeremy's challenge is consolidating all this information and bringing it to you in an understandable format that you will find interesting and informative.

Jeremy has been with the firm for 25 years, during which the business grew from a small Cape Town Asset Management firm to a significant global business managing clients assets in excess of R1.7 trillion, (as at 31 December 2017).

Jeremy also served on the board of Western Province/Stormers rugby from 2003 to 2005, a period in which their performance was particularly poor! Although he studied accounting at the University of Cape Town and Economics at the University of Witwatersrand, Jeremy is neither an accountant nor an economist, but uses these skills to demystify what the accountants and economists are saying.

➔ MAGNUS HEYSTEK: INVESTMENT STRATEGIST & DIRECTOR OF BRENTHURST

Brenthurst Wealth was established in 2004 and manages more than R6bn on behalf of its clients. It has six offices in Gauteng and the Western Cape in South Africa and established an office in Mauritius in 2018.

Magnus Heystek is the author of several books about investing, retirement and personal finance and an established public speaker about money related topics. He holds a BA (Hons) Degree from the University of Johannesburg (RAU at the time) and had a distinguished career as a financial and business journalist before establishing his own companies.

He founded one of the first investor clubs in South Africa while at The Star and have been involved in investment, financial planning and personal finance for individuals since 1994. He has won several awards including the prestigious Sanlam Financial Journalist of the Year in 1983 and 1984, the PMR Magazine most respected financial advisor awards in 1998 and 1999 and a Momentum Elite Diamond Award in 1998.

Brenthurst Wealth received the Intellidex Top Boutique Wealth Manager Award in 2017 and was the runner-up in 2018.

➔ RICK GRANTHAM: EXECUTIVE AT DEAL LEADERS AFRICA

Rick Grantham is an executive at Deal Leaders Africa, a sell-side advisory business assisting owners of private companies to sell for maximum value.

After graduating with a degree in Mechanical Engineering, Rick spent a number of years running large production operations for various corporates. He obtained an MBA in 1998, then did a stint in banking before embarking on his entrepreneurial journey.

Rick's first business acquisition was a television broadcast and production company. After five years he exited that business and founded a consultancy that assisted small businesses with the development and implementation of their growth strategies. The knowledge and experience he had accrued up to that point enabled him to start a sell-side advisory business in 2012. He went on to develop a reputation for delivering incredible success in the sale of privately owned businesses.
