

In Full Bloom

In partnership with Brenthurst Wealth, Val de Vie Estate's Garden Competition rewards residents who contribute to their neighbourhoods by taking pride in their gardens. Beautifully complementing the Estate's 300 hectares of parks, fynbos, lakes and a wildlife reserve, the heart of the competition lies in the diversity of each garden. From drought-resistant landscapes that honour the region's unique ecology to vibrant, colourful spaces that showcase the beauty of a diverse plant species – every garden tells a unique story. Residents came together at an award ceremony hosted by L'Huguenot Vineyards and received prizes from sponsors Agrimark, Protek, D'Vine Gardens & Landscaping and Cosmafolia. We encourage all residents to continue cultivating a green and vibrant environment for everyone to enjoy.

We would like to extend our congratulations to the greenest fingers, our category and sub-category winners:
